Recommendation letter for Takieddine

Dear colleague -

I hope this finds you well.

I'm writing to you to **strongly endorse** Takieddine for a technical role in your company.

We are a social venture that supports young aspiring talents from non-European countries in finding a challenging tech job in Germany. We run a **highly selective** digital boot camp for full-stack developers, data scientists/engineers and software automation testers. Over the course of the program, we identify candidates whose talent, passion and work ethic significantly stand out from their peers.

Takieddine is an outstanding Software engineer / front end developer who ranks in the top 10% of our peer group.

Communication skills: **Strong** – validated in multiple rounds of 1:1 interviews

Technical skills: **High & up to date** – on par with candidates in Germany

EU 'Blue Card' eligibility: **Yes** - University/degree fully recognized - very smooth visa process

Maturity: **Junior: (< 3 years experience)**

Please feel free to reach out to me personally at emma@joinimagine.com or via [LinkedIn](#) in case of any questions.

Warm regards & herzliche Grüße -

Emma Felsenstein | Co-Managing Director

Imagine Foundation e.V. | Talent without borders

We are a community of Tech & HR professionals who believe in the power of diversity. We coach hundreds of engineers each year and connect our most promising Fellows with leading firms in Europe.
